OPTIONAL SECOND TAKE-HOME

If you wish, you may write an essay in answer to the following question:

How does Derrida's "Adieu" reflect Levinas's idea of the relation between self and other that is not a form of knowledge or of power?

As usual, be sure to quote the texts to support your claims and, where appropriate, to explain the text you have quoted. Be sure to give reasons for your main claims. Start out with a strong thesis statement that answers the essay question. Think of having two or three main points in support of your thesis, and of developing and supporting each in detail.

The grade on the optional second take-home will replace your lowest grade if there is one that is lower.

LENGTH: three or four pages

DUE DATE: May 3, 2016
