Enrolling Yourself in a Class Using a Class Key

If your instructor gives you a WebAssign class key, you can enroll yourself in the WebAssign class roster. If you do not already have a WebAssign account, you can create one after verifying the class key.

🌟 Important: An access code is not the same as a class key. You need a class key to enroll. You might need to pay student fees later with your access code.

To self-enroll for a class:

1. Go to the WebAssign login page (www.webassign.net), and click I have a Class Key.

![Class Key](image)

2. Enter the Class Key your instructor gave you, and click Submit.

3. On the verification page, check the class information and determine whether or not the correct class and section is displayed.
   - If the correct class and section is listed, click Yes, this is my class and go to step 4.
4. If you have an existing WebAssign account, select I already have a WebAssign account, type the Username, Institution, and Password for your account, and click Continue. You are enrolled in the class and logged in to WebAssign using your existing account.

5. If you do not have an existing WebAssign account, you can create one now.
   a. Select I need to create a WebAssign account, and then click Continue.

   ![Student Information](image2)

   b. Type the username that you would like to use for your WebAssign account in the Preferred Username field, and click Check Availability to see if the username that you want is available. Usernames are not case-sensitive, so BobSmith, bobSmith, and bobsmithe are all the same username.

   c. After confirming the availability of your new username, type a password in both the Password and Re-Enter Password fields. Passwords are case-sensitive, so IAMCa3sar is not the same as iamca3sar.

   d. Enter your First Name, Last name, and Email Address, and optionally your Student ID Number.

   e. Click Create My Account.

WebAssign confirms that your account has been created. You can click Log in now to log in to the new user account and go to your home page. Remember your username and password, because you will need them each time you log in.

**Tip:** If you forget your password, you can click the Reset Password link on the login page. If you forget your username, your instructor can look up your username for you.
