

Math 430/630

Fall 2009

Instructor: Jeff Mortensen

Office: ABB 626A

Email: jm at unr.edu

Office Hours: posted at <http://wolfweb.unr.edu/homepage/jm/schedule.html>

Course Webpage: <http://wolfweb.unr.edu/homepage/jm>

Textbook: *Matrix Analysis and Applied Linear Algebra* by Carl D. Meyer.

Course Coverage: The core of the course is Chapters 4, 5 and 7. We will cover some topics in Chapter 8 as time allows.

HW: Exercises will be assigned regularly. Sometimes these assignments will be collected. Sometimes the assignments will not be collected but will instead appear on in-class quizzes.

Grading policy: Your grade will be a function of your scores on two midterm exams (50%), HW/quizzes (25%) and the final (25%).

Note: The Mathematics Department supports equal access for students with disabilities. I encourage any student with a disability to meet with me at your earliest convenience to ensure timely and appropriate accommodations.
