Sunday, November 01, 2009

Dear Department Chair,

It's the season for the Northern California, Nevada, and Hawaii Section of the MAA to call for nominations for its Award for Distinguished College or University Teaching of Mathematics. We solicit your help! We feel that this award plays a considerable role in enhancing the quality of mathematics instruction, and the professional experience of our members. A brochure describing the award is enclosed, with an initial nomination form.

To streamline the nomination procedure, we ask that this rather brief initial form be returned by 16 November. The Award Committee will review it, and decide whether to ask that a full nomination package be prepared for later submission by 8 January 2010.

Hardcopy and e-mail versions of the initial nomination form and accompanying statement should be submitted by 16 November to

James T. Smith smith@math.sfsu.edu
Department of Mathematics
San Francisco State University
San Francisco, CA 94132

On behalf of our profession, the MAA Section thanks you for your support of the teaching efforts of your faculty. The Committee looks forward to considering the initial nominations.

Sincerely yours,

James T. Smith,
Awards Committee Chair
