We have the first exam next week on Thursday November 12. The best preparation for the exam is to:

1. Do the exercises I assigned for the homeworks.
2. Do the exercises I used in class as examples.
3. Do the following exercises from the SoA exams:

(http://www.soa.org/education/exam-req/syllabus-study-materials/edu-multiple-choice-exam.aspx)

Course 1 May 2000: 3, 7, 8, 11, 20, 27, 34, 35, 38
Course 1 Nov 2000: 1, 11, 14, 20, 27.
Course 1 May 2001: 7
Course 1 Nov 2001: none for this exam
Course 1 May 2003: 6, 12, 24, 32, 36

For the exam I will chose problems (identical or very similar) from this list (homeworks, class examples, and SoA exams above). The SoA exams have solutions online.

I posted a new formula sheet you may bring for the exam on the course web page. Hope this helps you with studying for the exam. You may also bring the formula sheet from exam 1.

Cheers, AP
