M211
Fall 2003

Instructor: Swatee Naik
E-mail: snaik
Office: Rawles Hall 421
Telephone: 855-9831
Office Hours: MW 9:30 – 10:30 am

Course Organization:

You have 3 lectures (MWF) + 1 recitation (R) each week. Recitations are run by an associate instructor (AI). There will be a webwork assignment given after each class which is due before the next class. In addition to the webwork you may get homework assignments which will NOT be due. There are 3 midterm exams and a final. Quizzes are given at every recitation (about 20 minutes) except for the week of a midterm exam. No late webwork is accepted and no make-up quizzes are given. No calculators are allowed on exams or quizzes.

Grading Procedure:

Out of 11 quizzes, 1 lowest score will be dropped. The remaining 10 quizzes count as 100 points (10 points each). Webwork counts as 100 points. Each midterm exam is 100 points and the final is 200 points. Thus you have a maximum package of 700 points. To compute your course grade take your total number of points, divide it by 7 and use the following pattern:

\[
\begin{align*}
90 - 100 & \quad A \\
80 - 89 & \quad B \\
70 - 79 & \quad C \\
60 - 69 & \quad D \\
0 - 59 & \quad F
\end{align*}
\]

Some Suggestions:

Focus on understanding, not memorizing. Come to all lectures. Form study groups. Use help sessions. Do your homework on a regular basis.

GOOD LUCK!
