Ghost Dance Winter

Sally Zanjani

One of Nevada’s premiere historians, Sally Zanjani, is also a superb storyteller who mines the rich lode of the Silver State’s fascinating past for nuggets of truth about the human condition. From miners to ranchers, gold diggers to desperadoes, bankers to mirages—she tells about some of the characters and phenomena that makes Nevada unique, even in the West. Native Americans, Germans, Yankees, Slavs—all the cultural panoply is there as well. This collection of articles and stories showcases Sally Zanjani’s genuine talent and provides rare insights into the history of Nevada.
